Overview of the Records

Repository:	New York State Archives
Summary:	This series contains forms detailing the amount and type of effluence discharged into the state's rivers, lakes, and streams by various businesses in 1903. Businesses self-reported to the Department of Health, the location and nature of their business; the number of outlets discharging effluvia; processes which created the discharges; the kind, amount, and location of the discharge; and the amount of sewage within the discharge. The numbers of employees by gender, including children under 16 employed, are also listed.
Creator:	New York (State). Department of Health
Title:	Survey of discharges by businesses into state waterways
Quantity:	2 cubic feet
Quantity:	4 microfilm rolls 35mm
Inclusive Date:	1903
Series:	12205
