---

## Scope and Content Note

---

Microfilmed records include corporation reports, tax assessments, and marriage records. Corporation reports consist of inventories and certificates of incorporation. Similar information for more current corporations is included in the certificates of incorporation which also show purpose, place of business, officers, shares and share values and also include supporting documentation such as professional certification. These certificates were required to obtain authorization for legal conduct of business in the county. There are also certificates of incorporation and inventories of property of benevolent, charitable, scientific and missionary

societies. These documents were filed by the county clerk pursuant to an act of 1848, as amended.

Warrant copies of tax rolls list property, owner, valuation, exemptions, reductions, and total amount due. Records also show when taxes were paid and include warrant to collect taxes for each town in the county.

Marriage license records (1908-1935) contain personal information on parties such as name, age, address, occupation, county of birth, parents' names, witness, and ceremonial data. These records were created by town and village clerks for recording in the office of the county clerk.

## Use of Records

---

### Access Restrictions

There are no restrictions regarding access to or use of this material.

### Alternate Formats AvailableAlternate Formats Available

Microfilm is available for use at the New York State Archives or through interlibrary loan.

Microfilm 209 rolls; 16 and 35 mm, Local Government Records Management Improvement Fund Grant Project Microfilm.

---

## Administrative Information

---

### Existence and Location of Originals

Originals held by local government.

## **Custodial History**

This microfilm was produced by a grant awarded and administered by SARA's Local Government Records Services for the 1994 grant cycle. Grantees submitted two copies of each roll of project film: a silver copy for secure storage at the State Records Center; and a duplicate copy, containing only non-restricted records, for public use at the State Archives research room.

Use copies of rolls containing restricted records are not maintained by the Archives, and are withdrawn from public use at time of accessioning. Security copies of such rolls are held at the State Records Center and are subject to restrictions under law.

Restricted film was marked and use copies were weeded at time of accession; 222 rolls of master negatives (security copy) were sent to the State Records Center(TL 95-23, 24).
