Scope and Content Note

This single volume contains exhibits compiled by the committee while conducting public hearings and engaging in its own research. The exhibits are numbered 41 through 80, indicating that they were part of a larger compilation. The whereabouts of these additional

exhibits is unknown. Examples of exhibits include: a map indicating the location of all International Paper Company mills at Ticonderoga; an engineering plan detailing International Paper Company's old and new dams at Ticonderoga; a series of annual diagrams showing variations in Lake George's height, draft, and accumulated precipitation at Ticonderoga; black and white photographs of islands located in Lake George; blueprint survey maps of islands located in Lake George; and legal documents stemming from the suit filed by the state against System Properties, Inc.
