## Administrative History

---

Senator Malcolm A. Smith, a Democrat, was first elected to the Senate in a March 2000 special election. He has represented the 10th Senate District (2001-2002) and the 14th Senate District (2003-present). The 14th Senate District consists of the Queens neighborhoods of Hollis, St. Albans, Cambria Heights, Queens Village, Rosedale, and the entirety of the Rockaway Peninsula. He has served as Minority Leader (2007-2008), Majority Leader (2009), and President Pro Tempore (2009-2010).

## Scope and Content Note

---

This series consists of archival copies of the official website of Senator Malcolm A. Smith. Researchers should note that in 2009, each Senator was allotted space on the main Senate website and the official sites of individual Senators were removed from the live Web.

B2260-06: This accretion consists of an archival copy of Senator Smith's official website produced on December 26, 2006, shortly before Governor George E. Pataki (1995-2006) left office. It contains biographical information; photographs; a district map; and press releases (2003-2006) concerning housing and other legislation that Senator Smith sponsored, state funding for programs and services in the 51st Senate District, and other matters of interest

to Senator Smith's constituents. Information about a proposed Metropolitan Transportation Authority fare increase, Medicaid reform, and other issues is also included.

B2260-08: This accretion consists of a copy of Senator Smith's official website produced on June 12, 2008, shortly after the resignation of Governor Eliot L. Spitzer (2007-2008). It contains biographical information; photographs; a district map; and press releases (2008) concerning the fatal 2006 shooting of Sean Bell by New York City Police Department officers, prescription drug coverage for health maintenance organization enrollees, and other matters of interest to Senator Smith's constituents.

Researchers should note that, owing to the structure of the live site and the limitations of Web archiving technology, most of the information contained within this site could not be captured properly in mid-2008. In addition, some of the navigational links do not work properly. However, identical sets of navigational links appear at the top and the bottom of each page. If the link in one set does not work correctly, click the Web browser's Back button and then click on the corresponding link in the other set.
