Scope and Content Note

This series consists of a copy of the Radisson Community site produced on December 17, 2010, shortly before Governor David A. Paterson (2008-2010) left office. It contains information about the history and mission of Radisson Community, the community's corporate park, and residential properties. Materials relating to the corporate park include business listings, a fact sheet of living standards and expenses, development guidelines, a map of plotted land for industrial development, and photographs of available land. Information relating to residential properties includes a list of recreational programs and facilities, real estate and rental information, a map of residential streets, and lists of area organizations, banks, and schools.

Researchers should note that, owing to the structure of the live site and the limitations of Web archiving technology, the navigational links that appear on the left side of each page do not always work properly. If the links are not working correctly, place the mouse on the left side of the desired link.

Researchers should note that some time after this site was captured, it was removed from the live Web. Much of its content was incorporated into the Empire State Development Corporation's main website.
