## Scope and Content Note

---

This subseries of the general inmate case files series, Series 14610, consists of inmate case files relating to men who were incarcerated in Hudson Correctional Facility. Inmate case files describe in great detail the family and social background, arrest, confinement, and release/parole of inmates. The content of the case files reflects the role of each institution.

Beginning with inmates released after 1956, only the following case files categories were transferred to the State Archives: inmates who died in custody, sex offenders, inmates of certain minority ethnic groups, inmates who received life sentences, and a 2% sample of all inmates who were released from any correctional facility. All other case files were destroyed.

W0028-97A: In addition to a 2% case file sample, files for prisoners receiving life sentences, prisoners of certain ethnic groups, and sex offenders are also included. Many of the inmates

categorized as having received life sentences actually received two years to life and were generally released on parole after serving a minimum sentence.

W0028-08: This accretion contains a 2% sample of case files of inmates incarcerated in Hudson Correctional Facility, the majority of whom were released from 1988-1992. In addition to the sampled case files, prisoners receiving life sentences, sex offenders, inmates who died in custody, and inmates of Asian and Native American ethnicity are included when available.
