Scope and Content Note

This subseries of the general inmate case files series, Series 14610, consists of inmate case files relating to men and women who were incarcerated in Lakeview Shock Incarceration Correctional Facility. Inmate case files describe in great detail the family and social background, arrest, confinement, and release/parole of inmates. The content of the case files reflects the role of each institution.

Beginning with inmates released after 1956, only the following case files categories were transferred to the State Archives: inmates who died in custody, sex offenders, inmates of certain minority ethnic groups, inmates who received life sentences, and a 2% sample of all inmates who were released from any correctional facility. All other case files were destroyed.

W0029-08: This accretion contains a 2% sample of case files of inmates incarcerated in Lakeview Correctional Facility, the majority of whom were released from 1988-1992. In addition to the sampled case files, prisoners receiving life sentences, sex offenders, inmates who died in custody, and inmates of Asian and Native American ethnicity are included when available.
