Overview of the Records

Repository: New York State Archives

Summary: This volume lists appointments of civil and military officers of the State of New York. It was prepared as an index to the first volume of the minutes of the Council of Appointment, which was destroyed in the Capitol fire of 1911. It provides the page number in the destroyed volume where the full citation was located, the name of the appointee, office, and date. Therefore, this surviving index volume actually acts as a record of appointments made by the council between 1777 and 1786.
